Company Overview

Home Care Assistance of Jefferson County is a home care provider that offers medical essentials to our clientele. We venture to build strong patient relationships through the diverse range of services that we provide.

Our 24-hour home care services range anywhere from specialized care to lifestyle support. We also offer Cognitive Therapeutics and Balanced Care Methods, which are systems that enable our team to assist patients in the most feasible way possible. In addition to a vast skill set, our company has achieved various accomplishments that consist of being 2013-2019 Best of Home Care Endorsed National Provider, Inc 5000 Fastest Growing Company, and more. Home Care Assistance of Jefferson County has genuine passion, unmatched work ethic, creative spirit, and passion for providing the best care possible, which is contagious.
